-1-

3) a supplemental oath or declaration by the applicants stating that their invention is adequately disclosed in, and they wish to rely on, the application as thus amended, without page 43, for purposes of an original disclosure and filing date.

Attached hereto are copies of a Preliminary Amendment canceling the incomplete sentences at the bottom of page 42 and the top of page 44 and renumbering pages 44-103 as pages 43-102, respectively. This amendment also requests cancellation of page 43 submitted January 9, 1995. A supplemental declaration has been concurrently filed in which the Applicant states that their invention is adequately disclosed in and they wish to rely on, the application as thus amended, without page 43 for purposes of an original disclosure and filing date. Note that only three of the four inventors signed the supplemental declaration. The other inventor is unavailable. At a later time, if and when circumstances change, a supplemental declaration with the omitted signature of the unavailable inventor will be filed with the PTO.
